MEMORANDUM FOR: Executive Officer, Directorate for  
Science and Technology

SUBJECT: Comments on Proposed HR 10318,  
"Toxic Substances Control Act"

1. OSI has reviewed the subject draft bill and recommends that the language of Section 22 (p. 71 lines 24-25) be modified to include, after "the Secretary of Defense", the words "after coordination with other interested government agencies".

2. Although OSI has no current direct interest in the area of concern, we believe the proposed language is needed to protect possible future Agency interests.
